The Annual Staff proudly dedicates the 1987 Corral to a special group of ladies. This group of ladies go above and beyond the call of duty by planning nutrionally balanced meals, preparing the food with skilled expertise and serving it with a friendly smile. Occasionally, personal time is spent planning and preparing special banquets and seasonal activities. With sincere appreciation the 1987 Annual Staff would like to take this opportunity to say thank you to the cafeteria personnel.

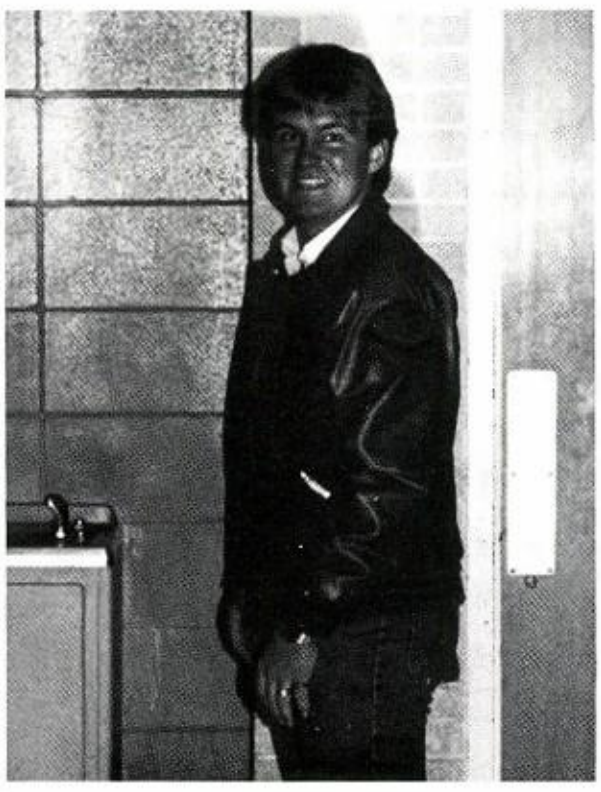
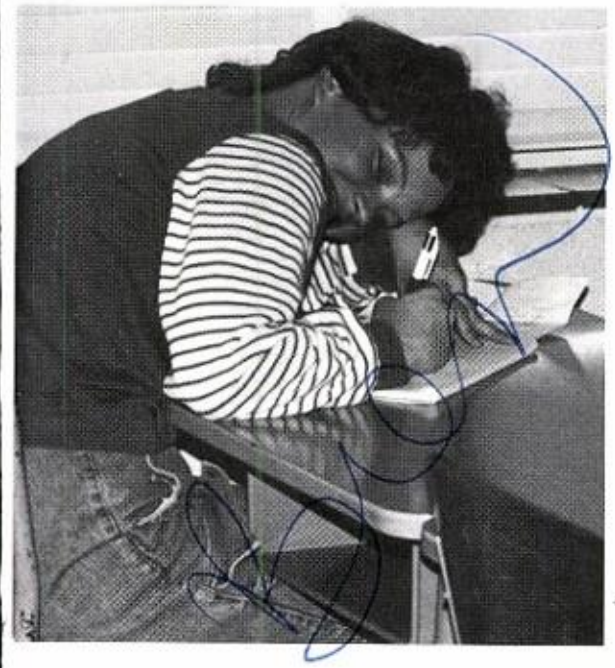
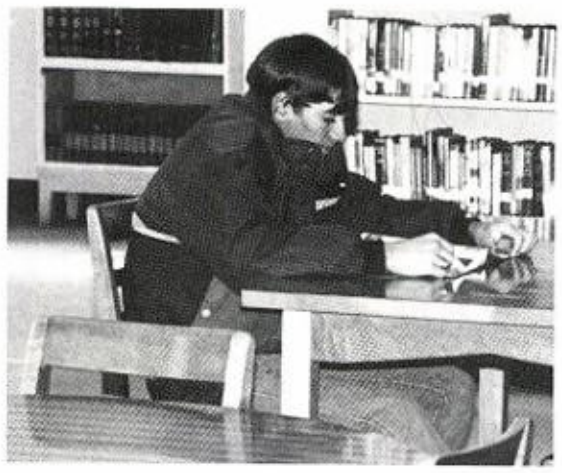
SRS 87 #1

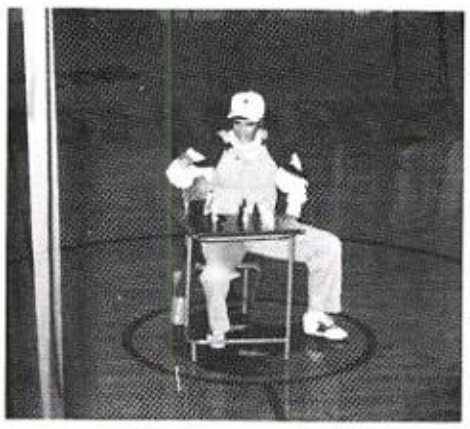
As the old saying goes, "all good things must end." Seniors, you have given twelve years to this school — a lifetime. Memories have been made, and goals have been reached. You've walked these halls dozens of times. Soon, all the good ole high school days will be gone. Hopefully, you'll look back on these times and cherish your high school years.

Remember all the practices: Band — marching until your feet had blisters and your lips were exhausted. Football — early mornings and hot afternoon of two-a-days. The thrill of victory and the agony of defeat. Cheerleading — the repetition of new yells and sore muscles at camp. The many hours spent decorating the gym only to have it torn down in seconds.









At times we take these experiences for granted. But as we remember, we know they hold a special part of our lives that will never be forgotten.

As you finish the last days of your senior year, make the best of it. Start today being and doing your best **every** day, and soon it will become a habit.

Underclassmen, pay close attention to the upperclassmen. They are fine examples of leaders. Soon you will be filling their shoes. Being a leader has many responsibilities. You must be competent, yet at the same time flexible. Do what you feel is right — do it because you want to.

Delicia,

Well, this has definitely been a year full of experience. It has been fun harassing the teachers this year. (especially Coach Coulter?) You have got a lot of talent and should use it wisely. Never devote so much time to one guy that it upsets your grades. No one guy is worth it! I made that dumb mistake. Never let anyone make you feel unimportant. You are a special person. There is only one you. There will never be another. Always strive to be yourself and be proud of who you are. You have a lot to be proud of. You did great this year in Band and in calculators. Being on U.I.L. trips with you was a blast. Always try your very hardest in school. You only have three more years. Make the most of them. Thanks for being a friend and having confidence in me. Now just learn to have confidence in yourself. People will love
